Dear Quincy Public Schools Parents & Guardians:

Every year, each public school and school district in Massachusetts receives a report card from the Commonwealth of Massachusetts Department of Elementary & Secondary Education (DESE). Links to the Quincy Public Schools report cards are available on the Quincy Public Schools website:

<https://www.quincypublicschools.com/cms/one.aspx?portalId=22782402&pageId=23546052>

The report cards include multiple measures of each school's performance and are designed to be useful tools for everyone connected to our schools. Families can use the information to have conversations with school administrators about what the schools are doing well and where there is room for improvement. Community and education leaders can use the information to better understand how to support our schools. Parents and guardians are critical partners in the success of our students and schools, and we encourage you to become involved with your student(s) schools.

If you have questions about a school's report card or would like to become involved in school improvement activities, please contact your school principal.

Sincerely,

Kevin W. Mulvey, J.D.
